## **ZLB Plasma Relocates Aurora Location**

**August 29, 2008**

ZLB Plasma is proud to announce that it has relocated its Aurora Center. The new center is located at 690 Peoria Street.

“Our plasma center was relocated to meet the needs of our patients and better serve our donors and the community. Our new site is much larger and is designed to be more efficient for our valued plasma donors. The location is easily accessible because it is located on the major east/west corridor with a bus stop nearby. The center also has ample parking.” said Koji Ishihara, Aurora Center Manager.

Ishihara added, “Our Company is one of the largest collectors of human plasma in the world and is dedicated to the collection of plasma for life-saving therapies. Plasma is the essential ingredient for products crucial to treating patients suffering from a host of life-threatening conditions, including hemophilia, shock or trauma, immune deficiencies and other blood disorders,” explained Ishihara.

He continued, “In order to be eligible to donate, plasma donors must be 18 years old, weigh at least 110 pounds, be in good health and meet proper identification and residency requirements. Donors cannot be listed on the National Donor Deferral Registry or in our Permanent Donor Deferral Donor Database. In addition, donors must live within a defined marketing area of the collection center.”

You can contact the Aurora plasma collection facility by calling 303-363-0095.

ZLB Plasma is proud to be part of the Aurora Chamber of Commerce.

## **About ZLB Plasma:**

ZLB Plasma is one of the largest collectors of human plasma in the world. As a leader in plasma collection, we are committed to excellence and innovation in everything we do. Our work ensures that tens of thousands of people are able to live normal, healthy lives.

We are a division of CSL Behring, a plasma biotherapies company, headquartered in King of Prussia, Pennsylvania. CSL Behring is committed to saving lives and improving the quality of life for people with rare and serious diseases.

CSL Behring is a subsidiary of CSL Limited, a biopharmaceutical company headquartered in Melbourne, Australia. Since listing as a public company in 1994, CSL has been a world leader in plasma therapeutics.
