

United Way Says Thanks in a Multitude of Ways to CSL Plasma

As we have previously reported, thanks to all of you, CSL Plasma raised \$194,000 for the United Way Campaign. That is astounding and we are so appreciative to everyone who raised their hand to help.

We want to share just some of the overwhelming responses we received from the local United Ways all over the country. They too, were so impressed once again by the generosity of our employees as you will read:

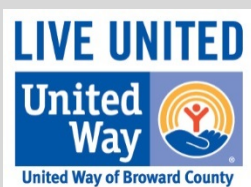

“Thank you for sharing the results for CSL Plasma’s 2017 United Way campaign. I am blown away by your generosity and commitment to helping families and individuals in need in Tarrant County.”

“Your employees are truly caring members of our community! Your company is one of only a few that provide a dollar for dollar match for employee contributions. This makes such a difference in our community!”

“...thank you and the CSL Plasma team for the funds you have raised and matched for the children and families in the communities United Way serves”

“Thank you so very much!!!!!!!!!! You are helping those most in need.”

“Thank you so much for your company’s generosity!”

LIVE UNITED

**United Way of the
Battle Creek and
Kalamazoo Region**

“Thanks for the support and partnership of CSL Plasma and your associates! We appreciate your investment in our community as we improve the lives of vulnerable children and families”.
